Background

Healthwatch Southwark gathers and champions the views of local users of health and social care services, in order to identify opportunities for improvement and to influence how providers deliver health and care services. Created by the Health and Social Care Act of 2012, Healthwatch Southwark, and other local Healthwatch around the country, are required to deliver 6 functions to fulfil our duty as the local consumer champion of health and social care. These functions are:

1. Obtain the views of people about their needs for and experience of local health and social care services and make those views known to those involved in the commissioning and scrutiny of care services
2. Make reports and make recommendations about how those services could or should be improved
3. Promote and support the involvement of people in the monitoring, commissioning and provision of local health and social care services.
4. Provide information and advice to the public about accessing health and social care services and choice in relation to those services.
5. Make the views and experiences of people known to Healthwatch England helping it to carry out its role as national champion.
6. Make recommendations to Healthwatch England to advise the Care Quality Commission to carry out special reviews or investigations into areas of concern

Healthwatch Southwark is hosted by Community Southwark: www.communitysouthwark.org

Purpose of the Role

- To build awareness and trust of Healthwatch Southwark (HWS) among diverse residents of Southwark, developing a solid base for the gathering of feedback and intelligence about people's experiences of health and social care.
- To work with volunteers and with local voluntary and community organisations in order to reach more people and to highlight inequalities.
- To lead on the provision of signposting and information on local health and care services to local people
- To coordinate and engage local people in projects and events to investigate a wide range of different areas of health and social care, drawing out their views and experiences, and to lead on events and Enter and View visits.
- To promote and support the involvement of patients and service users in the design, provision and scrutiny of local health and care services.
- As part of the HWS team, to act as critical friend to commissioners and providers of services to help bring about improvements.

Duties & Responsibilities

Engagement and Outreach

- Lead on the recruitment, development, and retention of HWS volunteers, deploying them effectively to maximise our engagement and signposting reach.
- Build awareness of HWS and gather intelligence on the views and concerns of a broad range of Southwark people by proactively reaching out to them, using methods such as stalls, community group visits, signposting sessions, and presentations. This will include a focus on seldom heard and disadvantaged groups.
- Map and draw on a local 'network of networks' for public involvement, building relationships and communication (with e.g., voluntary and community organisations, Patient Participation Groups (PPGs), and more). Work with Community Southwark colleagues, such as the social action team, to do this.

- Work with the Community Southwark communications team to engage the public using printed and online materials and build a strong HWS brand. This will include contributing copy appropriate to different audiences across HWS communication channels, structuring and uploading website content, and helping to develop and deliver digital and print engagement.
- Accurately maintain and improve the HWS membership database, enabling effective targeted outreach.

Information and Signposting

- Alongside the rest of the team, react to requests for information on health and social care services from all sections of the local population, signposting people to support to access services and resolve difficulties, and supporting them to make informed choices.
- Develop the signposting directory and materials, including through building relationships with and knowledge of other local services and organisations.
- On occasion, comment on public communications from commissioners and providers, promoting clarity and usefulness.

Project-Based Engagement

- Support the Research & Intelligence Officer to design project-based engagement activities (surveys, interviews, focus groups etc.) in line with the needs and experiences of the relevant group(s) of people (supplementary role).
- Recruit appropriate local people, patients and service users to contribute their views to engagement projects. Build appropriate collaborations with voluntary and community groups in order to expand project reach.
- With the Research & Intelligence Officer, deliver effective project engagement activities (e.g. surveys, interviews, focus groups).
- Lead/support on Enter and View visits, working with HWS volunteers.
- With the support of the team, lead on promoting and coordinating public events both to gather public opinion and to make known the views of service users to decision makers, sometimes in partnership with other organisations.

Engagement Promotion

- Comment on commissioners' and providers' engagement plans and achievements, supporting meaningful involvement of the public in service design, improvement and monitoring. This will include by representing HWS at a limited number of engagement committees and liaison meetings, working with the SE London Healthwatch Director (joint representative to the CCG), and occasionally presenting HWS findings.
- On occasion, attend external public events to support the user voice, raise HWS's profile and stay informed.

Intelligence and Influence

- Clearly and accurately record data from signposting and engagement activities.
- Contribute to quality HWS reports (written by the Research & Intelligence Officer and Manager), for example helping to develop meaningful recommendations, and proofreading.

- Support on the production of quality evidence based HWS reports, presenting findings clearly and persuasively to broad audiences, and making recommendations for the improvement of health and care services.
- Represent HWS at appropriate meetings and committees with local providers and commissioners, deploying evidence-based, patient-focused insights to influence decisions. This will include occasional presentation of reports, and commentary on other organisation's engagement plans.

General

- Help to build positive and productive relationships with other organisations, including voluntary and community groups, decision makers, commissioners and funders, health and care providers, Healthwatch England, other local Healthwatches and the SE London Healthwatch Director, and the Care Quality Commission.
- Support the Manager to work effectively with the HWS Advisory Group, through occasional provision and presentation of papers and contribution to discussions.
- Help to scan the horizon for upcoming policy and service changes at national and local level, identifying opportunities and pressures.
- Support the development of tenders and bids for consultancy and contracted work, and help deliver this work in a timely and professional way in line with the usual responsibilities of the post.
- Undertake other tasks from time to time and as appropriate, that may be required by management in line with the goals of the organisation.

In common with all Community Southwark staff

- Plan and organise one's own work priorities to ensure the achievement of all necessary targets and deadlines.
- Participate in supervision and appraisal and undergo training as necessary, taking responsibility for one's professional development.
- Work as part of the HWS and wider Community Southwark teams by participating in meetings, working collaboratively with other staff, and communicating internally.
- Complete timely monitoring reports and contribute to Annual Reports as required.
- Provide input into strategic planning.
- Work within HWS's contract and legal and statutory duties, and all of Community Southwark's protocols and policies, including financial controls, administrative records, and the Health and Safety, Equal Opportunities, and Data Protection policies.
- Help to ensure that equality of opportunity and respect for diversity are integral to the organisation's work.
- Support Community Southwark and HWS's values, vision and strategic objectives
