

Young Experts Role Description

Young Experts offer their thoughts, knowledge and experiences to support the development of Step Up. This includes but is not limited to: helping to develop workshops, reviewing resources and completing surveys.

What you will receive

You will have plenty of opportunities to enhance your abilities with the chance to share your experiences, learn from others and make a real difference to the lives of young people.

In addition, you will have excellent development opportunities including training, career development, a range of e-learning courses and develop skills that build resilience to cope with mental health difficulties.

What you will also receive

- Payment of £50 for half a day support
- Ongoing opportunities for involvement
- Opportunity to be part of a network of young people
- Opportunity to become a Champion

Champions actively promote and support the delivery of Step Up workshops and resources. This includes but is not limited to helping to deliver workshops and sharing their experiences with an audience.
